DÉCOR WORK

Our highly qualified and technically competent managers, engineers and technicians, allow us to capture a sizable share of the market. We are currently executing a number of projects in different premises of Residential, Commercial and industrial type.

In a relatively short span of time, we completed a great number of projects and we continue to work on even more upcoming projects that vary in complexity, size and value. And regardless of the size, we commit all we have to every project we work on. It is all about our clients!

MEP DIVISION

The MEP division has the full breadth of expertise to undertake large-scale as well as individual electrical, mechanical and plumping operations. With its reliable, high-quality and timely completion of work. The Division has been successful and continues to be competitive in all aspects of its field.

The scope of work executed to perfection by Paramount includes supply, installation, testing and commissioning of all electro-mechanical services for residential, commercial and industrial projects. The specialized work covers the electrical, air-conditioning, drainage and water supply requirements of the projects.
